*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

WHOLE STORY MEALS

The first and only real food, powdered, enteral meal replacement product. Designed to promote healing, growth and healthy development.

Technical Information

Whole Story Meals, Inc.

Item: Kale, Quinoa and Berries.

Vegan powdered whole food meal formulated for enteral feeding or oral feeding. Whole Story Meals powdered meals are intended to be used once hydrated with the recommended amounts of water, juice, milk or milk alternative. Whole Story Meals are considered nutritionally complete when used as recommended.

Description

Kale, Quinoa and Berries is a powdered real food, complete meal that is packaged in a resealable zip top pouch. It is consumed only after rehydrating with water, milk or juice, enterally or orally.

Each serving (85 g of powder) is rehydrated using 12 ounces (360ml) of water and contains 400 calories, 17 grams of protein, 41 grams of carbohydrates and 20 grams of fat.

As with any real food product, variations in caloric and nutrient levels should be expected due to growing conditions. If a specific medical condition requires precise nutrient levels please discuss with your medical team.

Disclaimer: Not intended to be consumed unless hydrated with the appropriate amount of fluid. Not for use by infants under 1 year of age without the advice of a physician. Powder is made of

real food and particle sizes may vary. Settling and clumping may occur.

Ingredients

Cold-processed sunflower seeds, sweet potatoes, cold-processed golden flaxseeds, coconut oil, blueberries, raspberries, sprouted brown rice protein, organic quinoa, zucchini, kale, ancient sea salt, dextrin (a fiber).

Made from 100% Non-GMO ingredients.

Caloric Distribution

16% of calories from protein

40% of calories from carbohydrate

44% of calories from fat.

Protein Sources

Sunflower seeds, flaxseeds, sprouted brown rice protein.

Carbohydrate Sources

Sweet potatoes, raspberries, blueberries, sunflower seeds, flaxseeds, zucchini.

Fat Sources

Sunflower seeds, coconut oil, flaxseeds.

Fiber Sources

Raspberries, sunflower seeds, flaxseeds.

Allergens and Sensitivities

Seeds, coconut (tree nut).

Gluten free, Soy Free, Dairy Free, Egg Free, Corn Free, Lactose Free.

Manufactured in a facility that processes: Milk, eggs, peanuts, tree nuts, shellfish, and soy.

One serving is considered low in FODMAPS. Four or more servings in a single day will become moderate or high in the following FODMAPS: Polyols, Oligosaccharides.

Contraindications

Possible Allergens: seeds, quinoa.

Any drug/nutrient interactions should be evaluated by a physician or pharmacist.

Packaging

BPA Free. Zip top resealable plastic pouch, contains 1 pound, 2000 calories.

Use Instructions

A scoop is provided in each bag and holds approximately $\frac{1}{4}$ cup (21 grams, $\frac{1}{4}$ of a serving). Each $\frac{1}{4}$ cup scoop provides a 100 calorie portion of powder. For each scoop we recommend a minimum of 3 ounces (90 ml) of water be added and mixed well to produce a mixture that will flow through a pump. Mixes best in a shaker bottle equipped with a wire whisk ball. At the recommended rehydration rate, mixture will provide ~1 calorie per ml. When consuming Whole Story Meals, we recommend adding an age appropriate multivitamin/mineral supplement.

May also bolus feed or consume orally. For bolus or oral feeding, hydrate to the desired texture. Powder may be mixed with other consumable liquids such as milk or juice to increase calories. Powder may also be added to other enteral products to increase calories and add nutrients.

Our powdered meal may be combined with boiling water to quick-cook the ingredients. Cool mixture before consuming. We suggest using this method for anyone with who wishes to consume the meal cooked. Use slightly less water to make a hot-cereal textured meal for oral consumption.

Shelf Life

4 years, unopened. Once opened, consume contents within 60 days.

Warning

Not for Parenteral Use.

Not intended for children under 1 year of age unless under the direction of a physician or a Registered Dietitian. Please check with your health care provider before using Whole Story Meals.

Transforming the Future of Enteral Nutrition

Directions: Each scoop (21g) of powder contains 100 calories.

Choose the number of scoops you need based on the amount of calories you want in your meal. Mix the powder with water or liquid of your choice. We recommend 3 oz of liquid per scoop of powder. A shaker bottle with a wire whisk is best for mixing.

For additional calories, our powder can be mixed with other liquids. It can also be mixed into other forms of enteral meals such as traditional formula or blenderized meals for a calorie and nutrition boost.

For those consuming orally, mix with liquid of choice to reach desired thickness.

Note: Using less than 3 oz of water per scoop will produce a thick formula that can be bolus fed with a syringe but may not flow well through a pump. For best results in a pump, use 3 oz or more of water/liquid per scoop.

Ingredients: Cold processed sunflower seeds, sweet potatoes, cold processed golden flaxseeds, coconut oil, blueberries, raspberries, sprouted brown rice protein, organic quinoa, zucchini, kale, ancient sea salt, dextrin (a fiber).
